

External Paving Cleaner

For all types of external natural and artificial stone including concrete pavers.

Viscous formula clings to surfaces without attacking the substrate. Cleans and removes dirt including stubborn green and dark deposits caused by plants and leaves. Bleaching action helps restore natural stone walls and paving to its original condition.

Directions for use

SHAKE WELL BEFORE USE. This product contains bleaching action, if in doubt try on an inconspicuous area before general application. Surfaces to be treated should be completely dry before application. Pour solution undiluted directly onto the pavers and spread out evenly using a sponge or paint brush. Garden sprayers can also be used. Leave for a minimum of 1 hour. Apply a little water and agitate with a stiff Deck brush or emulsifying pad to release the dirt and grime. Rinse thoroughly using a hose or jet wash.

Some stubborn stains may require a longer treatment, in which case apply and leave on surfaces overnight. If some stains remain after treatment, they should fade and disappear after a few days.

If not: re-apply.

Keep pets off at all times during treatment. In case of contact with metals, fabrics and painted surfaces rinse with water immediately. Do not use on warm surfaces. Do not apply if rain is imminent. Avoid contact with plant life: if contact is made rinse well with plenty of water. Avoid release into open drains and natural water courses, rivers, ponds etc

Do not use with acid based removers or other acid based cleaners.

Can be used on all types of natural and artificial stone, however always test on an inconspicuous area before general application.

Further Treatment: treating newly cleaned surfaces with Eco Pro Tec Natural Finish Sealer will help prevent moisture and organic particles from absorbing into the surface.

Coverage: M² per application

	1 LTR	5 LTR	25 LTR
Surface cleaning	N/A	50m ²	N/A
Deep stripping	N/A	25m ²	N/A
In extreme cases	N/A	15m ²	N/A

Storage information

KEEP UPRIGHT in a cool dry place.

Shelf life: Once opened use within 6 months of purchase for optimum results.

Health, Safety & Environmental

**CAUSES SKIN IRRITATION
CAUSES SERIOUS EYE IRRITATION
HARMFUL TO AQUATIC LIFE WITH LONG LASTING EFFECTS.**
